“ EXTENSIVE RANGE, UNBEATABLE SERVICE “

80-82 Warrego Highway CHINCHILLA PH: 07 46627415

EMAIL : supplies@keithcrawleys.com.au

Keith Crawley's is a local family owned Chinchilla business servicing the Agriculture, Gas, Mining and Support Service industries.

Our core focus is on providing an extensive product range backed by our reputable high level of customer service. The Keith Crawley's client base extends from Dalby to Tambo and beyond providing in-store service and on site stores management as well as regular freight delivery services when required.

This complete supply chain service gives our customers piece of mind that the goods will be delivered on time, to specification and by a company focused on safe and sustainable practices.

Delivery & Site Store Management

Keith Crawley's provides onsite material and stores management services to multiple clients within the Surat Basin. The team monitors client materials usage, manages the reorder process, and performs compliance checks on HSE items. A delivery service is provided to our customers on a regular basis to ensure they have what they need, when they need it.

Our vehicles carry current weed and seed declarations to ensure we manage our environmental footprint. Safety of our employees is also paramount, with employees undertaking regular training and holding the competencies necessary to complete their work safely, including site inductions.

Keith Crawley's is part of the Australian Independent Rural Retailers (AIRR) and Tradesmart Industrial buying groups. These groups provide access to hundreds of suppliers, so our customers benefit from the buying power of a large corporation, but with service and customer care of a local independent.
